

Aarya Paradkar

Fullstack Developer | (ISC)^2 Certified in Cybersecurity

Hey! I'm Aarya Paradkar, a full-stack developer adept in MERN and Web3 technologies, complemented by ISC2 certification in cybersecurity. Beyond coding, I find solace in trekking and lose myself in the captivating worlds of classic novels. With a blend of technical expertise and adventurous spirit, I navigate both the digital and natural realms with creativity and passion.

Experience

Internship

Dec 2023 - Feb 2024

Bhumistha Infra Services | Vashi

Web Development Intern

During my internship at Bhumistha Infra Service, I had the opportunity to work on two exciting projects using Django, a high-level Python web framework. These projects provided me with invaluable hands-on experience and insights into web development. Throughout the internship, I collaborated closely with the development team, contributing to the design, implementation, and testing phases of both projects. Working within the Django framework allowed me to leverage its powerful features to efficiently develop robust and scalable web applications.

Dec 23 - Jan 24

Prodigy Infotech

Web Development Intern

My online internship experience at Prodigy Innfotech was enriching and rewarding, providing me with valuable insights and hands-on experience in web development. Throughout the internship, I had the opportunity to work on three simple yet impactful projects, each contributing to my growth as a developer.
